No More Mercury for Mr!-"Put them in the fire, my dear," was the advice of Mrs. Macarthy to her son, a billous and dyspeptic youth who had just brought home another box of blue pills. "But what am I to take, then, mother?" said he, "Get a bottle of PLANTATION BITTERS," she replied; "I'll guarantee it does you good." He did so; and then another and another. With the third bottle all his unpleasant symptoms vanished. In a letter to a young friend he relates this anecdote, and winds up with 'No more mercury for me!"

# THE MEDICAL PRO-PERTIES OF TAR.

The pine tree has long been known to pos

sess valuable medical properties. For pulmonary diseases it is doubtful whether any remedy has as yet been discovered equal to it. It seems to change and renew the very structure on which it acts, and to infuse into the system an indescribable power equal to the natural power before disease had even taken hold of the body, so as to make, as it were, an entirely new tissue, and to give a newness of life and energy which one who has been sick a long time knows the value of ut cannot fully describe. The great objection, however, to all tar preparations has been their unpleasant taste, and consequent liability to sickness and nauseate the stomach. We have before us, however, a preparation of the kind referred to, which obviates all these objections, and is as agreeable to the palate as it is valuable in the cure of disease. We mean "Dr. Wishart's Pine Tree Tar Cordial," a real, genuine, bona fide medicinal cordial, distilled from the pine tree by a process known only to the Doctor himself, the sale and popularity of which are only equalled by the amount of suffering it has relieved, and the number of diseases it is so well calculated to effectually cure. In the Pine Tree Tar Cordial the invalid may be sure he has a remedy of very extraordinary power for throat and lung affections, and when taken in conjunction with the "Great American Dyspepsia Pills," an infallible cure for dyspepsia, liver complaint, sick headsche, and the many ailments arising from a disordered state of the liver and digestive organs.

In our sphere as publishers we feel some degree of cautiousness in what we recommend to our readers, but when we know of anything of value to the public we shall not hesitate to make it known through our columns. We advise those of our readers who are suffering from dyspepsia, etc., to give Dr. Wishart's celebrated remedies a trial

A medical expert, holding honorable colle giate diplomas, devotes his entire time to the examination of patients at the office parlors. Associated with him are three consulting physicians of acknowledged eminence, whose services are given to the public free of charge. This opportunity is offered by no other in

stitution in the country.

Thousands of certificates of absolute cure (when all else failed to afford relief), as well as recommendatory letters without number, have been received by Dr. Wishart, the proprietor, attesting the uniform success with which they have been employed. Many of said letters are from the highest sources, including eminent statesmen, Governors, State judges, clergymen, etc .- men slow to be convinced, prejudiced perhaps at first, but feeling themselves under a sense of duty bound to tell the Doctor what they had done for them and to recommend them to others. The Great American Dyspepsia Pills and Pine Tree Tar Cordial are sold by all druggists throughout the world. ## FROM WASHINGTON.

Etc., Etc.,

Rumored Loss of the Steamer Tennessee. Special Despatch to The Kvening Telegraph. WASHINGTON, Feb. 8 .- Despatches, it is said. have been received here to-day announcing that the U. S. steamer Tennessee, carrying the San Domingo commissioners, had foundered at sea, and that all on board were lost. It has created intense excitement about the Capitol. The news spread through both houses in a few

minutes, and the excitement was so great that business was partially suspended. It is stated that the Tennessee was a very staunch vessel, and that her engines were perfectly new, and had never been tried. She is twenty-three days out, and should have been heard of several days ago by way of Havana. (Note.-An Associated Press despatch printed in

## THE TITUSVILLE MURDER

our Fourth Edition mentions this rumor, but de-

clares that it is unfounded .- Ep.)

Arrest of the Suspected Murderer. The Eric Dispatch has the following: -"On Saturday night depot detective Walter II. Smith arrested a man named Henry C. Whitford, on suspicion of being the Titusville mur-derer. To disclose the facts at present would be a breach of faith, but there is certainly some very strong circumstantial evidence against Whitford, so strong that it will require a clearly proven alibi to clear him of suspicion. Whitford is a drunken lout who came to this city last fall to claim a wife and child who had left him, and whom he reported to be living with a man working at the blast furnace in this city. He went there, but was assaulted. His case excited considerable sympathy until his worthless character began to show itself, and pity was changed to disgnst. Whitford laughs at the
